History: The third mission in Alta, California, estab. by Father Junipero Serra July 14, 1771. Present edifice begun in 1806 and completed in 1813. Elaborate irrigation system developed by Fr. Sitjar, secularized in 1835. Completely neglected after 1882 when Fr. Doroteo Ambris died. Attempt to restore in 1903, thwarted by 1906 earthquake. Returned to Franciscan Order in 1928 and complete restoration undertaken in 1948. Located in isolated valley 17 mi. SW of King City. (Over)

NEWCOMB - FRANCISCAN MIS. SION ARCH, PL. 4

Description: The largest of mission churches. The triple arch entrance and espadana serving as an architectural feature and a belfry (campanario) was placed forward of the gable end of the nave with a low roof over the vaulted narthex. The convent and arcade of almost perfect Roman arches extended 227 ft to the west. Construction of adobe with distinctive roof construction consisting of trusses supported by vigas spanning nave and knee bace between wall and vegas and covered with boards. Tile roof
